DAILY PAINTING SERVICES – REFERRAL

I have pleasure in submitting this referral for Daily Painting Services.

I have used their services over the last two years on various projects. From my first contact with Rawand he showed a very professional approach. This carries through to the whole team who are always helpful & friendly. Their work is of a first class standard with a professional attitude and always willing to comply with any requests. Additional benefits are the supervision they have on their own employees, flexibility to complete various tasks and the size of the crew which is adapted to the job requirements.

I have no hesitation in recommending and using Daily Painting Services in the future.
